The 43rd Asian Conference on Remote Sensing
3-7 October, 2022 in Ulaanbaatar, Mongolia

THE SECOND ANNOUNCEMENT

The 43rd Asian Conference on Remote Sensing (ACRS2022) will be held on 3-7 October, 2022 in Ulaanbaatar, Mongolia. The conference is expected to be an interdisciplinary forum for leading researchers and students in related areas to present the latest developments, works, and applications, to discuss cutting-edge technology, to exchange research ideas, and to promote international collaboration in this field.

Presentations: Onsite and online presentations will be organized. The online participants are requested to provide video file of the presentations for backup.

All sessions are to be organized both online and on-site.
We will keep you updated on the local situation.
